Job Posting #EWU-26-01-005

Pole Inspection Work Placement for 1st Year Powerline Technician Program Students (4 months) **(\$21.82 per hour) *includes 4% vacation pay**

At ENWIN Utilities Ltd., we continue to support and partner with local educational institutions by promoting work placement opportunities. This partnership provides our students with real-world experience, ability to apply school-based learning, and developmental growth opportunities, while our organization gains the services of talented individuals who bring enthusiasm, creativity, and fresh thinking to help us fulfil our goals. We are committed to fostering and promoting the continual development of our employees by challenging them to work collaboratively, learn and to grow into the leaders of tomorrow. Be a part of something more - contribute to a dynamic team of individuals who prides themselves on keeping the lights on and the water flowing.

Reporting to a Hydro Distribution Supervisor, the successful applicant will be responsible for performing all work assigned including inspecting and painting poles and, time permitting, providing some assistance to crews involved in the construction, operation and maintenance of the overhead and underground Electrical Distribution Systems in the ENWIN Utilities' service area.

The successful applicant must possess the following qualifications:

- Enrolled as a first year or second year student at a two-year College Powerline Technician program.
- Ability to demonstrate a 3.0 cumulative grade point average.
- Must be able to carry out the physical work demands of the position including heavy lifting, stretching, pulling, etc.
- Must be able to work in extreme weather conditions.
- Must be able to work in confined spaces.
- Must possess excellent oral and written communication skills in order to work with staff and customers in a tactful and diplomatic manner.
- Must possess and demonstrate mechanical aptitude and produce accurate inspection records either electronically or through the completion of a printed form.
- Must show initiative and demonstrate the ability to make sound decisions, flexibility of approach, ability to assume responsibility and the capability to perform both independently and in a team environment.
- Shall have demonstrated a history of safe work practices.
- Must possess a current CPR and First Aid Training Certificate or the ability to complete certification prior to commencement of work with ENWIN Utilities Ltd.
- Minimum requirement of a valid Class "G" Ontario Driver's Licence. A Valid Class "A" Ontario Driver's Licence with "Z" endorsement would be considered an asset.
- A current Working at Height Training Certificate is considered an asset.
- Successful completion of supplementary training courses with IHSA related to the Powerline Technician program is considered an asset.

Students will be expected to provide their own CSA approved work boots, Fire Retardant long sleeve shirts and pants.

Qualified applicants may apply at <https://enwin.applicantpro.com/internaljobs/3984881> up to and including **Monday March 2, 2026. Please quote File #EWU-26-01-005 on application.** Although all applications are appreciated, only those candidates selected for an interview will be contacted.

ENWIN believes there is significant value in the diversity within our workforce and we are committed to continually enhancing and improving diversity and inclusion throughout our organization. As an equal opportunity employer, we encourage all qualified individuals to apply for employment opportunities and believe that strength flows from our individual differences and enables us to effectively serve our community.

ENWIN Utilities Ltd. provides accommodation in accordance with applicable laws through all stages of the hiring process. If you require accommodation for any part of the application and hiring process, please advise the Human Resources Department.
